International Fellows Class of 2023

If your ITO indicates that lodging is not funded (E.G. TLA-funded) via the United States Government, then you are responsible for arranging your own lodging. Most officers in the past agree on the convenience of being located in SW/SE Washington, D.C., or northern Virginia. Your fellow classmates will likely be living in northern Virginia. The following options for housing are provided only for your convenience and reference; National Defense University does not endorse any specific lodging option.
